NEW CNC LATHE MASS-PRODUCES PLASTIC PARTS UP TO 4" OD

CUSTOM BUSHINGS, PULLEYS, END CAPS & WHEELS

Do you need standard or custom plastic bushings or wheels? We can quickly machine parts to your specs. Just send us a sketch or sample, and we'll quote. Parts are made from nylon, acetal, UHMW or any engineered thermoplastic that you specify or that we can recommend for your application. Our newly-purchased CNC lathe allows very competitive pricing on small and large quantities. Of course, we're also interested in making your larger wheels and sprockets - they just take a little longer !

- Wheels
- Pulleys
- Bushings
- Sprockets
- Conveyor end bearings
- Hanger Bearings
